ACTIVITIES

FOOD

Around the World with Somi & Flic

Split the class into 4 groups. Every group visits each station: VAULT → FLOOR → BARS → BEAM

VAULT

- Roll down 2 yellow wedges on the track – rolling like peas or a sausage.
- Squat/straddle onto the block from the T-trainer. Squat on the end of the block and jump off into a star shape like popcorn.
- Spots – 1-2-2 practice.
- Run on the tumble, 2-feet jump on the springboard – nice vault landing.
- Fast track – pick food up from the shopping basket.

FLOOR

- Mushroom on the floor – hands on and jump onto the pizzas around it.
- 2 yellow cheeses – walk up and walk down, then walk up and forward roll down.
- Doughnut ring – front support, feet on the doughnut, walk hands all the way round.
- Large red wedge – hot dog rolls (log rolls).
- Octagon – bridge shape, lie back over the octagon wedged by cartwheel blocks.

BARS & RINGS

- ★ **Spaghetti and meatballs on the rings – swing as spaghetti (straight body), then meatball (tucked).** STICKER SKILL
- Mini P-bars – climb on with straddle legs (like a pizza slice) and pull yourself along with your arms.
- Sausage rolls around the low bar on the bar pads – support if necessary.
- Large P-bars – walk on top of the melons (fitness balls) holding the rails.
- ★ **Front support shape – move the sweets (ball pit balls) from one side to the other.** STICKER SKILL

BEAM

- High beam – step over the food bean bags: side step, march, jump.
- Crawl through the jelly bean (barrel) to the next beam.
- Beam with widener – pick up food and put it in the shopping basket.
- ★ **Ice cream cones – hold them along the high beam on toes (with or without widener).** STICKER SKILL
- Bench – jump on the blueberries (blue spots).
