

SEASONAL

CHRISTMAS

Around the World with Somi & Flic

1 WARM-UP: CHRISTMAS SONGS

- Winter Hokey Cokey – with scarves and Christmas hats.
- Driving in My Sleigh.
- North Pole Party freeze song.
- Use pictures for the rest of the warm-up:
- Ice skating – use sliders round the circle.
- Santa – Santa hats on, walk around like Santa.
- Snow angels – make snow angels.

2 STRETCHING WITH A JINGLE BELL BALL

- Rock in a tuck shape like a Christmas bauble.

Included in your pack (1080 × 1350) to share on your club's socials.

YOU'LL NEED

Christmas hats, jingle bells, sliders, music, fake snowballs and bean bag stars.

SEASONAL WEEK

No new passport skills this week. Enjoy the theme and practise the skills your gymnasts are working on. The passport journey carries on next week.

SEASONAL · ACTIVITIES

CHRISTMAS

Around the World with Somi & Flic

Split the class into 4 groups. Every group visits each station: **VAULT** → **FLOOR** → **BARS** → **BEAM**

VAULT

- Roll the snowball (yoga ball) in and out of the cones (Santa's hats), run up the wedge and stretch jump off onto a mat.
- Straddle onto the block like a Christmas tree, then roll down the wedge like a bauble!
- Small P-bars – jump and hold a tuck over the presents.
- Run and jump on the springboard with a snowman landing.
- Hands on the vault – high-knee running (reindeer helping Santa start his sleigh).

FLOOR

- Sit on a panel mat with a hoop either side – pick up the snowflakes (star bean bags) with your feet and pass them over into the other hoop.
- Panel mat – forward roll down the slope like a snowball.
- Snowflake handstand up the wedge against the wall.
- Block, hexagon and wedge – tummy over the hexagon (igloo), forward roll down the wedge.
- Pick up Santa's present, tiptoe along the rope and put it in Santa's sleigh.

BARS & RINGS

- Snowball (tuck hold) on the rings.
- Forward roll (snowball roll) round the block bar.
- P-bars (one high, one low) – climb along the snowy mountain.
- A-bar – climb onto a block, reach to swing and get the animals over.
- Front support on the floor bar – with shrugs.

BEAM

- High beam – a snowball in each hand, wide arms along the beam; walk backwards and throw the snowballs into the bucket!
- Floor beams – spots each side; jump side to side over the beam – ski jumps!
- Low beam with widener – stomp through the snow and roll off the end like a snowball (slope at the end).
- Small beam (no widener) – walk sideways like a snowflake.
- Bench – pull along like Santa's sleigh, or sit in tuck and spin like Santa's sleigh.

OPTIONAL MUSIC: Any Christmas song!
