EASTER

Around the World with Somi & Flic

1 WARM-UP GAME: EASTER EGG HUNT

- Song – Hop Little Bunny.
- Hide large Easter eggs around the floor. Each child finds one egg and brings it back to the mat.
- Children take turns to open their egg – the parent/coach reads the exercise inside and everyone does it (e.g. 5 bunny hops).
- Larger classes: find eggs (use balls if you need more) and put them in the nest (doughnut, ring or hoop) in the middle of the circle – the coach picks a few exercises to complete.

2 STRETCHING WITH AN EASTER EGG (BALL)

- Roll the egg down your legs in pike/V-sit.
- Roll it down your legs in back support.
- Tuck shape – roll the egg under your legs like a bridge.
- Hold it on your tummy – tuck rocks.
- Mini throw and catch.
- Jump/hop with the egg around the circle like the Easter Bunny.
- Knee press-up – can you touch your nose to the egg?

Included in your pack (1080 × 1350) to share on your club's socials.

YOU'LL NEED
