

LESSON PLAN 9

# EXPLORER

Around the World with Somi & Flic

## 1 WARM-UP GAME: AROUND THE WORLD

- Travel to lots of different countries (or places – jungle, sea, forest) and see the animals. Put lots of different animals out around the floor.
- Travel there by swimming (lying on tummies, kicking legs), driving (holding a hoop, running), flying (running or tiptoe walking, arms out) and rowing (pike sit, circle arms).
- Move like the animals you see:

★ **Bear walk – on all fours with straight legs.** STICKER SKILL

- Kangaroo jumps – jumping up and down.
- Frog jumps – crouched jumping.
- Bunny hops.
- Caterpillar walks – from front support walk feet into pike, then hands out to front support again.
- Lions/tigers – move on all fours OR run with claws.
- Birds – flap your arms and fly.
- T-Rex – run with T-Rex arms.
- Turtles – move slowly on your knees.
- Snakes – pull yourself along the floor.

### YOU'LL NEED

Animal cards, a ride-on car, skipping ropes, pool noodles and hoops!

### ★ STICKER SKILLS THIS WEEK

- WARM-UP Bear walk – on all fours with straight legs.
- VAULT Long steps on spots – one foot on each spot.
- BEAM Walk along the low beam on tiptoes.

### SESSION FLOW

1. Warm-up game
2. Stretching
3. Apparatus rotation – 4 stations (page 2)
4. Passport stickers & goodbye

ACTIVITIES

# EXPLORER

Around the World with Somi & Flic

Split the class into 4 groups. Every group visits each station: VAULT → FLOOR → BARS → BEAM

## VAULT

- Tummy slide on the bench like a penguin.
- Climb up onto the vault (mountain/iceberg) and jump onto the crash mat (sea).
- Polar bear walks.
- ★ **Long steps on spots – one foot on each spot.** STICKER SKILL
- Sit in a tuck and row your boat with a pool noodle oar (harder: sit on a slider and pull yourself along the tumble with your feet).
- Balance on the icebergs (blue spots).
- Throw and catch a bean bag.

## FLOOR

- Pull the jeep (rope tied to a ride-on car) through the foam cones – it's stuck in the sand!
- Explore the pyramids – walk up the slope and roll down.
- Log roll over the bumpy hills (pool noodles under a panel mat).
- Lie backwards over a slope (flip your feet over if you can).
- Bunny hop over the cartwheel blocks.
- Jump up to reach a target.

## BARS & RINGS

- Swing over the snakes/river on the rings (mini rings).
- Lift up into a tuck balance on the parallettes.
- Front support over the 'river' – feet on the floor, hands on a floor bar, crocodiles in between – move hands sideways along the bar.
- Rope over a bar tied to the gorilla – pull the rope to lift him up to the top of the bar.
- Big P-bars – swing over the snakes.
- Floor bar and wall bars – feet on the wall, hands on the floor bar, crocodiles underneath.

## BEAM

- High beam – walk on tiptoes along the fallen tree.
- Two benches side by side with hoops between them – crawl through the hoops from one side to the other and back.
- Jump onto the leaves on the widener beam.
- ★ **Walk along the low beam on tiptoes.** STICKER SKILL
- Balance on the stepping stones between the beams.

♫ **OPTIONAL MUSIC:** Row, Row, Row Your Boat
