

WEEK 31

BUILDING SITE

Around the World with Somi & Flic

1 WARM-UP GAME: ON THE BUILDING SITE

- Digger – scoop with your arms and drive around.
- Dumper truck – push your bottom up and tip the load.
- Crane – one arm high, turn around slowly.
- Hammer – tap the floor with your hands.
- Builders – carry a brick (yoga block) and build a tower together.
- Steamroller – log roll to flatten the road.

2 STRETCHING WITH BRICKS

- Lift a brick above your head, then down to your toes.
- Straddle sit – put a brick at each foot, then one in the middle.
- Pike sit – pass the brick under your knees.
- Back support – hold the brick on your tummy.

Included in your pack (1080 × 1350) to share on your club's socials.

WEEK 31 · ACTIVITIES

BUILDING SITE

Around the World with Somi & Flic

Split the class into 4 groups. Every group visits each station: **VAULT** → **FLOOR** → **BARS** → **BEAM**

VAULT

- Carry a brick along the tumble and add it to the wall.
- Weave the wheelbarrow (ball) through the traffic cones.
- Squat onto the block and jump off into the sand pit (crash mat).

FLOOR

★ **Boulder balance – tuck shape with your feet off the floor.** TODAY'S STICKER SKILL

BOOK 1 · JAPAN SKILL 5

★ **Cement mixer – rock onto your back, staying in a tuck.** TODAY'S STICKER SKILL

BOOK 1 · JAPAN SKILL 6

- Hammer the nails – stamp on the spots.
- Bunny hop over the bricks.
- Crawl through the pipe (tunnel).

BARS & RINGS

★ **The crane lifts up – pull-up hold (spotted).** TODAY'S STICKER SKILL

BOOK 2 · IRELAND SKILL 5

★ **Climb the rope ladder up the scaffolding.** TODAY'S STICKER SKILL

BOOK 2 · IRELAND SKILL 6

- Hang in a straight shape like a crane's hook.
- Low bar – front support, then circle down with support.
- Floor bar – walk your hands along the scaffolding pole.

BEAM

- Floor beam – walk along the girder carrying a brick.
- Red beam – step over the bricks.
- Low beam – tiptoe along with arms out for balance, high above the site!

OPTIONAL MUSIC: Bob the Builder-style building song
